(Hong Kong, 29 June 2018) ----- Come Sure Group (Holdings) Limited (“Come Sure” or the “Group”). (Stock Code: 794.hk) announced its annual results for the year ended 31 March 2018 (the “Year”).

During the Year, along with the steady economic growth in the People’s Republic of China (PRC), the domestic consumption capacity continued to rise. The e-commerce market gradually getting matured, boosting the demand for logistics and paper packaging industry; the Group was thereby enabled to make a breakthrough on its sales target of the Year, benefit from the positive momentum in the corrugated paper packaging market. The Group carried out its high quality production standards over the Group’s corrugated paper packaging products, which consolidated the confidence of its existing clients, as well as the customer’s loyalty, thus generated a considerable amount of sales orders. Correspondingly, the Group’s turnover increased by 56.9% to approximately HK\$1,327.0 million, as compared to approximately HK\$845.5 million for the last corresponding year. Meanwhile, with tightening the internal cost control management, the Group showed a significant increase in its profit level during the Year. Supported by the long-term collaboration with the suppliers, the Group has enjoyed a stable supply of raw materials; the Group’s gross

profit was allowed to increase in line with the rise in revenue, by 63.2% to approximately HK\$301.8 million during the Year (2017: approximately HK\$184.9 million). The gross profit margin also increased from 21.9% for the last corresponding year to 22.7% during the Year.

As of 31 March 2018, the Group's bank and cash balances was approximately HK\$257.5 million (as at 31 March 2017: approximately HK\$250.4 million). The profit attributable to owners of the Company amounted to approximately HK\$96.5 million for the Year (2017: approximately HK\$18.4 million). The basic earnings per share was HK26.63 cents (2017: HK5.07cents). The Board proposed a payment of final dividend of HK7.00 cents per ordinary share of the Company for the Year (2017: none).

Quality Capacities Effectively Meet Market Demand, Fujian Plant Further Gained Market Recognition

During the Year, with the rapid development of e-commerce, the demand for corrugated paper packaging industry was stimulated, resulting in the balancing supply-demand of the industry and the uplifting price for quality paper products. Meanwhile, the PRC government's increasingly stringent environmental policy that speeded up the phasing out of outdated capacities in paper packaging industry, leading to a more concentrated industrial structure. Adhered to the industrial standard, the Group has been dedicated in maintaining its advanced and environmental-friendly production technology, in order to consolidate its strength in value-adding products and service, which thus establishing the competence of its capacity. During the Year, the group closely seized the market opportunities from the Fujian region. Throughout intensive development in the Fujian Plant, operation of Fujian plant has contributed approximately HK\$178.5 million to the Group's revenue within the first full financial year since its commencement of operation. The Group might consider expanding its investment in the Fujian Plant in order to seize greater market share, subject to the external economic environment and the market demand.

Mr. CHONG Kam Chau, Chairman of Come Sure Group said, "I'm delighted about the satisfactory growth in the Group's profit level for the Year. The Group's Fujian plant has been under smooth development process since its commencement of operation, with monthly capacities reaching a value of approximately RMB20 million during the Year. Guangdong operation will continue to be the Group's core business; the Group will further enhance the production capacity and efficiency among its Guangdong factories, catering to the ever-growing industry standard and the ever-increasing market demand, further broadening its brand presence and recognition. Further to the Group's perseverance in providing high quality value-added corrugated paper packaging products and service, the Group has also tightened its internal cost control resulting in a steady growth in its gross profit margin. We will strive to ensure a steady supply in raw paper through long-term close collaboration with our suppliers, in response to the fluctuating raw material cost and to consolidate our sustainable profitability. We are confident with the Group's business edge and competitiveness. In line with the current market trend, we will continue to seize opportunities from paper packaging industry, in order to expand our market share and consolidate our leadership position in corrugated paper packaging industry, as well as to maximize the returns for our shareholders."
